

# You said $\rightleftarrows$ We did

Students at the Department of Physics contribute ideas and solutions.

## You said:

- Organise guided tours of the Research Institutes in the vicinity of the Department
- More Information on the job market
- Additional Tutorials activity
- Bursaries and prizes for the best students
- Tailored study paths for additional learning

## We did:

- Planned tours at the Frascati National Laboratories and Gran Sasso Laboratories (INFN)
- Organised workshops on post-graduation employment
- Additional Tutorials for at least 6 core courses
- Financed Annual Prizes for the best students and the Stanev Prize
- Created the "Excellence Path".

Did you know

The Dipartimento of Physics at the University of Roma Tor Vergata is repeatedly ranked among the top in Italy for quality of research, and has a low student/staff ratio that allows simple and effective interaction with the teaching and research staff and close attention to student's needs.
